

BUY W. VA. LAUNDRY

Will Terry Associated With
P. A. Steele In Hunt-
inton Deal.

LEFT FRIDAY MORNING

Mr. Steele Is Already There
In Charge of the
Plant.

WILL M. TERRY.

Mr. Will M. Terry and family left yesterday for Huntington, W. Va., where Mr. Terry has become a part owner of the Home Laundry, his partner being Mr. P. A. Steele, who recently left this city for Huntington. Until about sixty days ago Mr. Steele was in charge of the Model Laundry and Mr. Terry in charge of the Metcalfe Laundry, which have consolidated under one management.

In the departure of these young men from Hopkinsville, the city has lost two of its progressive and useful citizens. Mr. Steele had lived here several years, but Mr. Terry was a Hopkinsville boy, whose business

career has all been in the city. As a youth he learned the laundry business in the plant he later owned and for many years had been a prosperous and wide-awake business man. He has a wide circle of friends who regret to have him leave, even though he enters a field of greater promise for enlarged operations in the line of work for which he has fitted himself by training and experience.

P. A. STEELE.

Both Mr. Terry and Mr. Steele are commended to the people of their new home as worthy gentlemen and reliable business men, who will merit success.

Austria Makes Charges.

The Austro-Hungarian ministry of foreign affairs, publishes a new red book telling how the enemies of Austro-Hungary violated international law in 116 cases, says the Overseas News Agency. "Contained in the list are the arrests of Austro-Hungarian consul officers at Salonki, the use of dum-dum bullets, the destruction of a building bearing the Red Cross sign, and atrocities committed against prisoners and wounded and defenseless civilians."

Splendid Structure Erected
at a Cost of Nearly
\$30,000.

The Colored High School Building will be formally opened Monday and the Board of Trustees have issued the following invitation to the public to attend:

Since the new Colored High School Building has been finished, and is ready for occupancy, we take much pleasure in announcing to the public that Monday, Oct. 30, 1916, will be the opening day of the Attucks High School. We invite all friends and lovers of education to be present on that day and join us in making that day one of the greatest days in the history of Hopkinsville.

We expect to spend the whole day, beginning at 9 o'clock in the morning and continue throughout the day up to 10 o'clock at night, celebrating this event, of which we are very proud.

There will be a short program rendered in the morning, consisting of songs and short talks by various citizens of the city; there will also be a similar program rendered in the afternoon; and in addition to the afternoon program there will be some gymnastic exercises by the High School students.

There will be courteous and polite ushers at the door to meet you and show you through the building, and spare no pains in making it pleasant for you.

A register has been prepared for all those who desire to register and contribute to the school. We would be glad for you to contribute money, books, or anything else to any of the departments which interest you most. We feel that there are many charitable and open-hearted people in our city who would feel slighted if they were not given an opportunity to contribute to such a worthy cause, hence

This High School for the colored people is on the corner of First and Vine streets and was erected with a part of the funds of the city school bond issue and an appropriation by the Board of material from the dismantled Clay Street building. It is a credit to the city and is very justly the pride of the colored people of this part of Kentucky.

Every Democrat Get Busy.

Less than two weeks remain before the election, but a great deal of work can be done in that time in urging the importance of every Democrat going to the polls and aiding in keeping President Wilson at the helm. There does not seem to be any doubt that the Democrats will sweep Kentucky, but it must not be taken for granted. Nothing can be accomplished without effort and every Democrat should realize that we must fight if we would win and pray the Lord to increase his courage. A scared fight is always the surest fight, so gird on your armor and fight for victory as you never fought before. It is within our grasp and will perch upon our banner if every man does his duty. Democracy is depending on every man to put forth the effort of his life.

Hulse-Glover.

Clarence H. Hulse and Miss Agnes Glover, young people residing near Pembroke, were united in marriage Thursday afternoon. The ceremony was performed by Rev. T. L. Hulse, father of the groom, at his residence, No. 805 Walnut street, in the presence of a few of the closest friends of the couple. The groom is very popular with every one who knows him, and is only eighteen years of age. His bride, who is also just 18, is a daughter of Mr. Robert D. Glover, and is quite a favorite in the social circles of the section in which she was reared.

Mr. and Mrs. Hulse will reside near Pembroke.

The Louisville publicity league will extend every courtesy to the guests. Automobiles will convey them from the depot to their homes.

The general association will be called to order in Walnut Street Baptist church at 4 p. m. Tuesday, November 14. Officers will be elected and Dr. W. D. Powell, Cor. Sec., will read his report.

At night the reports of schools and colleges will be read. At 8:30 the annual sermon will be preached by Rev. W. M. Stallings.

A beautiful badge will be given each delegate. Thursday night will be State Mission night, and a great number of mountain preachers will speak. This will be one of the most thrilling hours of the association.

We cordially invite each of the 1860 Baptist churches in the State to send one or more messengers to this memorable meeting.

On Thursday afternoon the meeting will adjourn for those attending the Association to be given an automobile ride over the city. An enthusiastic welcome awaits those who come. Ten years ago the Baptists of Kentucky gave \$84,000. To all purposes this year they will give \$196,000.
